HACO Toppings: Increase the appeal of your dishes

- The use of whole fruits ensures natural flavor (no concentrates / purées)
- An above-average proportion of fruit allows the minimal use of flavors and colorings
- Garnishing made easy: Ideal flow with no skin formation (up to 12 hours)

Professional packaging that promotes efficient applications:

- Light/oxygen barrier guarantees an intense flavor and vivid color
- Unlimited creativity: Cap-needle length able to be cut to suit personal preferences
- Combined bottle and cap guarantees a clean re-closure

Room 59-64 °F

Store at room temperature refrigerate once opened.

Cold and hot

Able to be used cold or hot. Also suitable for use with combination steamers and microwave ovens (open bottle).
