Cipolline Onions with Balsamic

Piedmont's famous Cipolline Onions are marinated in Menu's own Balsamic Vinegar of Modena for a true Italian culinary masterpiece. GMO-free, the onions vary in size from 1-to-2 inches. Immersed in authentic certified Balsamic Vinegar from Modena, there are no artificial ingredients or colorants, just pure natural flavor.

Application: Add a layer of Fig & Marsala Sauce to a pizza crust in place of marinara sauce, and top with cipolline onions and prosciutto. Use as a glaze for meat dishes or roasted vegetables. Pair with mature cheeses like Grana Padano or Asiago, and fresh types like Ricotta and Mascarpone as well as any Italian charcuterie.
